Screenshots :

A screenshot of a login form. At the top, there are two links: "Login" and "Dashboard", both in blue text. Below these links are two input fields. The first field is labeled "Email" and the second is labeled "Password". Both fields are empty. Below the "Password" field is a button labeled "Login" in black text on a light gray background.

Welcome mohit@gmail.com

Activate Window

The screenshot shows the Chrome DevTools Application tab. The left sidebar lists the storage areas: Application (Manifest, Service workers, Storage), Storage (Local storage, Session storage, Extension storage, IndexedDB, Cookies, Private state tokens, Interest groups, Shared storage). The 'Local storage' for 'http://localhost:5173' is selected. The main panel shows a table with the following data:

Key	Value
authToken	loggedin123

Below the table, it says "No value selected" and "Select a value to preview".
